

NEW & IMPROVED

energy smart floor heating

for all types of floor coverings in new & existing homes

experience clean & comfortable heat
from a fully automated and beautifully warm floor

Guaranteed Quality ○ 100% Coverage ○ Fully Automated

Brilliant New Technology

Transform your living spaces with the pure comfort of gentle, natural feeling radiant warmth - fully automated, perfectly silent and now more affordable than ever.

Floor heating from Livella is perfect for new homes and renovation projects. The versatile cables are installed safely out of sight and warm quickly only when they're needed.

The stylish thermostat is easy to use and gives you more flexible ways to enjoy your new heating system. The integrated accessory manager independently controls towel warmers, demisters and lights and will dramatically lower your energy costs.

Livella - the smartest floor heating ever developed.

Lifestyle Heating

Set separate weekday & weekend schedules to suit your routine.

Economy Mode

Control your energy costs. Select between performance, normal and economy modes.

All-in-One

Switch easily between air and floor temperature management.

Appliance Control

Control lights, fans, demisters and towel warmers to save hundreds of dollars every year.

Maximum, Minimum

Set safe temperatures for your family and floor coverings.

Parental Lock

Keep settings locked in and enjoy uninterrupted comfort.

Surface Heating Savings

Livella heating cables are fixed directly onto the subfloor and immediately below the floor coverings allowing heat to transfer rapidly into the room above.

The flexible thermostat gives you control over your energy costs for further savings. Simply select from economy, normal and performance modes to suit your budget. Easy!
